MEMO

DATE: July 23, 2021

TO: BQ Energy Development LLC

FROM: WSP USA Inc.

SUBJECT: OPSB Landmark Mapping for Nottingham Solar LLC's Nottingham

Solar Site, Harrison County, Ohio

WSP USA Inc. (WSP) completed Landmark Mapping of Registered Landmarks for Nottingham Solar LLC at the Nottingham Solar Site (Project) in Harrison County, Ohio in compliance with the Ohio Power Siting Board, Ohio Administrative Code Rule (OACR) 4906-4-08(D)(1).

Landmark Mapping

Under OACR 4906-4-08(D)(1), Landmarks mapping shall include:

any formally adopted land and water recreation areas, recreational trails, scenic rivers, scenic routes or byways, and registered landmarks of historic, religious, archaeological, scenic, natural, or other cultural significance within ten miles of the project area. Landmarks to be considered for purposes of paragraph (D) of this rule are those districts, sites, buildings, structures, and objects that are recognized by, registered with, or identified as eligible for registration by the national registry of natural landmarks, the state historical preservation office, or the Ohio department of natural resources.

Resources within 10 miles of the project area (Study Area), which encompasses 1,200 acres west of New Athens, Ohio in Sections 17, 18, 23, 24, 29 and 30 of Township 9 North, Range 5 West, were identified using a variety of Ohio Department of Natural Resource sites (ODNR 2016, 2017a, and 2017b), National Park Service directories, National Register of Historic Places (NRHP) listings (Stutts 2014), the Ohio State Historic Preservation Office (OHPO) Online Mapping System (Ohio History Connection [OHC] 2021), and ESRI (2018).

For this review, resources will be presented in two different sections: *Parks and Recreation* that includes adopted land and water recreation areas, recreational trails, scenic rivers, scenic routes or byways and *Registered Landmarks* of historic, religious, archaeological, scenic, natural, or other cultural significance.

Parks and Recreation

There are three parks in the Study Area (Table 1; Figure 1) (ESRI 2018). There are six Ohio Department of Natural Resources (ODNR) recognized recreation areas within the Study Area, one of which is partially inside the project boundary: Jockey Hollow Wildlife Area (Table 2; Figure 1) (ODNR 2016). Two of these recreation areas also have recreational trails: Lake Barkcamp State Park and Harrison Forest (Table 3; Figure 1). The National Road Scenic Byway is within the Study Area; but there are no scenic rivers (ODNR 2021) (Table 4; Figure 1).

Registered Landmarks

ESRI ArcGIS was used to map churches, cemeteries and schools (ESRI 2018). Twenty-three churches (Table 5; Figure 1) are within the Study Area, as well as fifty-two cemeteries (Table 7; Figure 1). Seven schools are within the Study Area (Table 6; Figure 1).

Three NRHP-listed historic districts and nine NRHP-listed buildings are within the Study Area (Tables 8 and 9; Figure 2). Sixty-two resources have been determined eligible by OHPO, listed as Determinations of Eligibility in the OHPO mapping system (Table 10). Five hundred and ninety-nine architectural resources have been previously surveyed but have not been evaluated with respect to NRHP criteria (Table 10; Figure 2). There are no NRHP-evaluated or previously surveyed architectural resources within the Project Area.

Two NRHP-listed archaeological sites are within the Study Area: BL0003, the Opatrny Village Site and BL0006, the Brokaw Site (Table 11, Figure 2). There are 247 additional archaeological sites within the Study Area that have not been evaluated with respect to NRHP criteria (Table 11, Figure 2). Two of the previously recorded sites, HN107 and HN108, are located in the Project Area.

No National Natural Landmarks are located within the Study Area according to the National Park Service National Natural Landmarks Directory (https://www.nps.gov/subjects/nnlandmarks/nation.htm).

Table 5. ESRI Churches within Study Area

Name	Distance to Project Boundary (Mile)
Rankin Church	1.54
